

**SUCCESSION
 SECURED –
 FROM NOW
 ON TOGETHER**

DIRK AICHER PART OF THE MANAGEMENT BOARD SINCE FEBRUARY

Growth needs a solid foothold. The Schilt Group has been on the road to success for years. Time to fortify the foundation with foresight and reflection: Jürgen Aicher and his son Dirk Aicher have started to jointly manage the group's companies since the beginning of February. Succession is thus secured with the company remaining in the hands of the family – an important milestone in the company's long history, which guarantees continuity and reliability for customers as well as employees.

PERMANENT ENHANCEMENT IN PAIRED STRENGTH

Dirk Aicher brings along the know-how and practical experience from two other companies: During his vocational training and dual course of study, he first acquired wide and well-founded knowledge and subsequently gained several years of professional experience as a project manager in the automotive industry. In spring 2020, he joined Schilt as their Technical Manager; he is well acquainted with our enterprises – Karl Schilt, Erich Ulrich and Alfred Ebinghaus – and is backed by the staff. Best prospects both for our customers and for us as a company!

**FOCUS SET ON
 CUSTOMERS**
**AT THE LEAD FOR YOU
 FULL OF ENTHUSIASM AND ENERGY**

Dirk Aicher
 B.A. Technical Management

**Managing Director
 and Technical Manager
 Schilt Group**

„Three companies that manufacture excellent products, great customers who have trusted us for decades, and an excellent team that is happy to support me: It makes me feel proud to manage our family business together with my father!“

The focus and most important goal of our work are you, our customers, and your satisfaction. I will do everything I can to ensure that our services and products continue to be of the highest quality. In addition, for me it is of the essence to make the company even better and to develop it further. I'm very much looking forward to the future.“
