

Firmengruppe Schilt

THREE COMPANIES – ONE STRONG CONNECTION

GROUP EXHIBITS AT FASTENER FAIR

SUCCESSFUL START FOR THE GROUP!

11,000 industry visitors from home and abroad came to Stuttgart's exhibition center to learn all about the latest developments in the sector. The Fastener Fair also marked the first time the Schilt Group has showcased its products publicly as one group of companies – comprising three long-established companies, which have forged a strong partnership. Our fresh new corporate look did an impressive job of presenting our cohesiveness, and it was a huge hit with visitors. It meant all three Group companies – Karl Schilt, Alfred Ebinghaus and Erich Ulrich – were able to showcase what they're best at in a great-looking exhibition space.

"We achieved extremely promising results at the end of the three-day trade fair", said Jürgen Aicher, CEO of the Schilt Group. "We had many great meetings and discussions with new and existing customers where everyone got a chance to learn about our expertise and extensive portfolio".

MISSED THE TRADE FAIR?

NEW WEBSITES FEATURING LATEST PORTFOLIO

Just get online and check out our new websites, where you'll find everything you're looking for in a fresh new design: What we offer, what we can do for you, and what sets us apart from the rest. We are one Group, yet every Group company retains its own strengths. Our websites are a fantastic way to get an initial overview of what we offer. To learn more, just get in touch – we're ready and waiting to assist you.
